 - (D) The CGL insurance shall apply as primary insurance with respect to any other insurance or self-insurance programs which cover the additional insureds.
 - (E) The CGL policy shall not be endorsed or modified to make it excess over other available insurance. If the policy states that it is excess or pro rata, the policy shall be endorsed to be primary with respect to the additional insureds.
 - (F) The CGL policy shall not exclude coverage to the additional insureds for bodily injury or property damage arising out of the products-completed operations hazard.
 - (G) The Subcontractor shall maintain the CGL insurance in effect for no less than the shorter of (A) the period of the applicable statute of repose (if any) or (B) ten years after final payment to the Subcontractor.
